Town Girds For Fight Vs. Proposed Route 3

That the Town was girding forces to protect itself from the threat of Route 3 was evident this past week. The proposed route would wreck the town, it is charged. Various civic groups indicated their intention of lending support to the fight when called upon.

In the meantime Manager Edward C. Monahan, with approval of the Selectmen, named himself "coordinator and spearhead" of the defenses.

Finds Survey Help

The Planning Board under John B. Byrne Jr., chairman, was authorized to hire professional help to propose an alternate route to the State proposed one which would split the Morningside section off from the rest of the Town.

Byrne reported that all firms he contacted "had contracts with the State or expected to." It is understood Monahan has named a firm which is "under no obligation to the State."

No Plans

As yet, the promised plans which would show the exact location of the roadway have not appeared from State Commissioner Volpe's office.

The No. 1 plan proposed by the State would pass over Turkey Hill, proceed near the Bishop school, and reach the Parkway via Davis and Draper ave.

Substitute Routes

This route would cost around two million dollars per mile. It is understood local officials are studying two alternate routes.

One would pass the road just north of the Reservoir, cross Massachusetts ave. at the Lexington line, cross Lancaster and Williams streets, and reach Route 2 about 1800 feet below Appleton st.

This route is already on plans drawn by Town Engineer Keane back in 1936.

Cross Golf Club

Another suggested route being eyed is to run the road just northeast of Hutchinson rd., taking some property from the Winchester Country Club, crossing Mystic st. by overpass near the old Fairchild estate, and crossing over to Medford via the neck between the two Mystic lakes.

The speech of welcome was given by Richard Rockwell, on temporary leave from the U.S. Army, first Master Councilor of Arlington Chapter, Chevalier.

Removal Of Center Station Discussed At Conference

Appleton Place Meeting Jan. 16

A special, joint meeting will be held Saturday morning between the Board of Selectmen and the School Committee to settle, if possible, differences in plans for the extension of Appleton place.

A wide divergence of views was revealed last week.

The Selectmen had previously voted to lay out and construct an extension of the road from its present end through to Quincy st. for which a public hearing will be held next Monday at 7:30 p.m.

The land involved is under the jurisdiction of the School Committee, under local by-laws, the Selectmen can order a layout on land controlled by other boards and departments.

Rough Sketch

The School Committee is unanimously for an engineering survey of the area. The Committee has stated it has planned a girls' playground on the land. It feels the survey should be made first.

Monday night Town Engineer Keane presented a rough sketch to the Selectmen which shows a room for both the street and the playground, the latter to be built under a program taking several years.

The estimated cost is \$42,933 for the basic construction.

Local officials conferred with two representatives of the Boston and Maine R. R. yesterday morning to discuss the possible relocation of the station at the Center.

The two-hour conference resulted in a) a promise by the company that the Town's interests would be respected; b) the belief that nothing would happen for several years.

May Sell Land

Nearly six months ago there were rumors that the land might be sold to a commercial enterprise.

Company Undecided

Soon after taking office Town Manager Monahan wrote the Railroad, asking that nothing be done until the Town's interest and rights in the area had been ascertained.

It was brought out that the B&M is undecided as to its future course.

One group is suggesting the station be moved northerly, just beyond Water st. However, the engineering dept. does not agree.

Some Nibbles

It is believed here that the Railroad has had nibbles to purchase the site from commercial realtors and a business developer.

Representing the Town at the conference were Selectmen Kenney, Sorensen and Greeley, Town Manager Monahan, Town Counsel Hamlet, Town Engineer Keane and John B. Byrne Jr., chairman of the Planning Board.

For the Railroad were E. F. Reed, real estate and industrial head, and his assistant, W. A. Kirk.

Huge Gap Looms In All Precinct Rosters

Only 33 candidates for Town Meeting member have declared up to Wednesday noon, according to Town Clerk James J. Golden.

There are a total of 98 vacancies, leaving 65 slots to be filled. A defined lack of candidates occurs in all precincts.

Although the shortage seems to be an annual occurrence, it has been pointed out this year that the lethargy seems greater than ever.

The Town Clerk has sent out two sets of letters, one dated Dec. 18, the other Jan. 11, urging precinct chairmen to clarify the status of their rosters.

While praising Superintendent Toomey for "a very good job" in plowing, sanding and removal of snow during this week's 4-day snow storm, Town Manager Monahan put a \$15,000 cost tab on the operation.

This estimated figure includes only work done up to 5 p.m. yesterday.

The Manager said that areas around all churches were cleared out by Sunday morning and that shortly thereafter all roads had been plowed.

Storm Continues

As the storm continued intermittently two more days, snow-fighters kept pace. The major attack of actual snow removal was started Tuesday at midnight. By yesterday morning most of the shopping areas had been cleared.

Toomey was on the job almost constantly with just a few hours off for sleep.

Wants More Sanders

The Manager pointed to 35 miles of unpaved streets as adding to the burden.

"It takes a genius to plow some of our rocky by-ways," he said.

He said the Town had been divided up into 36 routes. Twenty-eight of these were covered by town-owned equipment, the remaining eight to the outside contractor.

Monahan said that the greatest need is for more sanders which with their own motors for breaking up and spreading the sand are attached to the rear of sand trucks.

"With about four more of these we can sand the whole town in a matter of a few hours instead of a whole day," he said.

Rawson Files For Selectman

Thomas R. Rawson, candidate for Selectman, this week filed nomination papers for that office with Town Clerk Golden. The candidate said his papers carried "far more" than the required number of nomination signatures.

Rawson indicated his intention to direct his campaign for

Tate Fund at \$3700

Spurred by the enthusiastic work of local youngsters, the Billy Tate Fund has reached a total of \$3700, according to Louis Stein, co-chairman of the drive.

The fund was established to aid the mother and family of 16-year-old Bill Tate, victim of the skating tragedy which took place on Hill's Pond shortly after Christmas.

Last Friday evening, Mrs. Tate was presented with a check drawn from the fund. Francis Mahoney of Highland ave., a pal of the Tate boy, made the presentation on behalf of all the boys and girls who aided the drive.

PETITION for Paul Revere rd. to be made one-way was filed this week with Selectmen by the Heights Improvement Association.

CONSTRUCTION of Hillcrest st., Westmoreland ave. and Raleigh st. has been recommended by Selectmen.

Made City Solicitor

Mayor William Donovan of Somerville this week appointed local attorney George S. Ryan City Solicitor for that city.

Ryan has law offices here in Arlington at 637 Massachusetts ave.

He is a graduate of Suffolk Law School, class of 1927. His home is at 777 Broadway, Somerville.

O'Brien To Run For Assessor

John H. O'Brien of 319 Massachusetts ave., who was reported by the Advocate to be a candidate for Assessor in the forthcoming March election, this week formally announced his candidacy for that office.

O'Brien campaigned for Assessor three years ago when he finished second to Veteran Assessor Arthur W. Sampson.

He describes his vote in that only bid for town-wide office as "very encouraging". Since then (Continued on Page 11)

CHURCHES OF CHRIST SCIENTIST

That harmony in daily affairs demands obedience to God's laws will be emphasized at Christian Science services Sunday.

The Lesson-Sermon entitled "Life" includes the following account of counsel by Christ Jesus from the Bible:

"And, behold, one came and said unto him, Good Master, what good thing shall I do, that I may have eternal life?" And he said unto him, Why callest thou me good? there is none good but one, that is, God: but if thou wilt enter into life, keep the commandments" (Matthew 19:16, 17).

The following correlative passage will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"We apprehend Life in divine Science only as we live above corporeal sense and correct it. Our proportionate admission of the claims of good or of evil determines the harmony of our existence, — our health, our longevity, and our Christianity" (187:6).

Warren Webb of Summit st., a student at the Boston University School of Theology, was among the active participants at the Fifth Quadrennial Conference of the Methodist Student Movement held in Lawrence, Kan., Dec. 28-Jan. 2.

Hope To Repeat Success Of Last Bloodmobile Visit

The next visit of the Red Cross Bloodmobile will be on Friday, Feb. 5, at the Town Hall. Donors should call Mrs. Russell T. Hamlet, chairman of 15 Victoria rd.

The need for blood in hospitals and cases of emergency is as great as ever... greater because of a shortage of blood due to a drop-off in donors during recent months, according to Mrs. Hamlet.

However, last September one of the most successful blood donor days ever held in this area took place here in Arlington, using two bloodmobile units and receiving a high total of 329 pints of blood.

Sponsored by the town employees' organizations, and chairmanned by Mrs. Hamlet and Town Manager Monahan, it was a red-letter day for Arlington. Because of this successful effort, Arlington has been publicly praised and cited as an example to other cities and towns by the Boston Chapter of Red Cross.

"This success can be repeated... not let down. Roll up our sleeve and give blood at the next bloodmobile visit, Town Hall, Feb. 5," Mrs. Hamlet urges.

Mrs. Sidney Kahan, president of the Locke PTA will preside at the regular business meeting preceding the program.

Child's Book Published By Former Resident

Those who can remember a young girl of the early nineteen hundreds, who had long light hair and wore it in a braid, who was versed in story writing and telling, gave public readings and also was an ardent Baptist church worker, will recall Mary Lawrence Turnbull, as she was fifty years ago.

The family lived in a house still standing on Mystic st., opposite Crosby farm. She married Charles Tufts, valedictorian of the class of '97, Arlington High school.

Now, as a grandmother, she has published her first book, titled "Do and Don't Ditties", intended for reading aloud to very young children.

It is beautifully illustrated by her sister, Sophia L. Turnbull Balcom.

Mr. and Mrs. Tufts now reside in New York City.

Tangerines from Florida are most plentiful during December and January. Like oranges, they make an excellent relish when ground with fresh raw cranberries.

A pint of pre-packaged vanilla ice cream is a favorite topping for plum or other steamed puddings. Allow the package of ice cream to soften on a shelf in the refrigerator; add a tablespoon of rum or brandy flavoring and beat with rotary beater until smooth.

For a party canape salad to serve with potato chips, blend a package of cream cheese with sour cream to "dunking" consistency. Give a tangy flavor touch with 1/4 teaspoon Tabasco.

Sesame seeds browned in a skillet over medium heat give a nut-like flavor to tossed salads.

A good cup of tea calls for rapidly boiling water and 1 teaspoon tea or tea bag per cup. Allow to brew three to five minutes for color is no indication of tea strength.

Brazil nuts, sliced and toasted, have a new depth of flavor. The shelled jumbo nuts slice easily after they are softened three minutes in boiling water. Then dot with butter, add a little salt, and toast slices in moderate oven about 15 minutes, stirring to brown evenly.

For a meat and potato course-in-one, cut baked potatoes in half; scoop out the centers and mash. Mix in canned deviled ham, milk to moisten, and seasonings. Refill potato shells and brown in moderate oven.

Unsulphured molasses gives rich flavor and color to a quick barbecue sauce for spareribs. Combine 1/4 cup of this sweet molasses with 1 tablespoon prepared mustard, 1 tablespoon vinegar, 1 8-ounce can tomato sauce and 1/2 cup chopped onion. Heat and use to baste spareribs last hour of their roasting time.

GOLDEN AGE CLUB

Amy Burpee Murphy was the entertainer at the meeting of the Golden Age Club on Jan. 7 when a capacity audience gathered at Robbins Memorial Library Hall.

Mrs. Murphy, a member of the Professional Women's Club and widely known for her exceptional talent in whistling, also gave several pianologues. As she had arranged her varied program with the type of audience in mind, her success as an entertainer was complete.

Preceding the program, the silk flag recently given by Mrs. Ida Bowman, with standard presented by Mrs. Rose Forrest was unfurled as the group sang our national anthem.

Thomas C. Ham, president, presided at the business meeting. Mrs. Lucinda Spofford, Miss Nora Brown and Mrs. Mary McCarthy presided at the refreshment table.

An interesting program has been planned for the Jan. 21 meeting, when Howard C. Nasson, manager of the Boston Office of the Institution for Savings in Roxbury, will show colored slides, as he explains creative hobbies and occupations. Anyone 65 years and over is invited to any meeting of the club.

TURN ON THE SUNSHINE
With a Tropical Dessert

WEARY OF WINTER? Try bringing an illusion of summertime to your table tonight with this sunny combination of lemon tapioca cream, lemon sherbet, and toasted coconut. In the Philippine Islands, where the coconut palm tree grows and where Baker's shredded coconut begins its journey to you, this dessert is "nápakasarap"—so delicious!

ISLAND COCONUT CREAM

- 1 egg white
- 2 tablespoons sugar
- 1 egg yolk
- 2 cups milk
- 2 or 3 tablespoons sugar
- 1/4 teaspoon salt
- 3 tablespoons quick-cooking tapioca
- 1/4 teaspoon vanilla
- 1/4 to 1 teaspoon grated lemon rind
- 1/2 cup toasted shredded coconut*

Beat egg white until foamy throughout, add 2 tablespoons sugar, 1 tablespoon at a time, and continue beating with rotary egg beater until mixture will stand in soft peaks. Set aside.

Mix egg yolk with about 1/4 cup of the milk in saucepan. Add 2 or 3 tablespoons sugar, salt, quick-cooking tapioca and remaining milk. Place over medium heat. Cook until mixture comes to a boil, stirring constantly—this takes 5 to 8 minutes.

Pour small amount of hot tapioca mixture gradually on beaten egg white, blending well. Then quickly add the remaining mixture stirring constantly. (The hotter the tapioca and the faster it is blended in, the thicker and fluffier the pudding will be.) Add vanilla and lemon rind. Cool, stirring once after 15 to 20 minutes. Chill. Serve in sherbet glasses. Top each serving with a spoonful of lemon sherbet and sprinkle with toasted coconut. Makes 4 or 5 servings.

*To toast coconut, spread it out thinly in a shallow baking pan. Place in moderate oven (350° F.) to toast until delicately browned. Stir coconut or shake pan often to toast evenly. (ANS)

A great tribute to Arlington's hockey coach, Ed Burns, can be seen in the rosters of the college hockey teams. There are no less than 19 graduates of Arlington high who are now playing college hockey.

10 at B.C.

Boston College dominates the scene with ten AHS boys playing hockey there—six on the varsity and four on the freshman team. Captain Bob Babine, Jack Canniff, Bob Kiley, Billy Vassil, Nobby Timmons, and "Bootsie" Billafer are all on BC varsity, while Eddie Aikens, Charlie O'Neill, Larry Weisbach and Don Cahalan are playing for the Eagle freshman team.

Junior Legion Baseball Meeting

J. Sherman Irving of Cambridge, athletic officer of Cambridge County Council, American Legion, has called a meeting of all post athletic officers for Monday, Jan. 18 in the quarters of Medford Post No. 45, 321 Winthrop st., Medford at 8 p.m. Junior Legion baseball is perhaps one of the most valuable youth activities within the American Legion. It serves to develop a fine spirit of sportsmanship and fair play among the boys of the nation and also teaches clean living, physically and spiritually.

That this Legion activity is worth while is attested to by the fact that the American Legion in 1953 had 146 players who were graduates of this Junior Legion baseball and the National League had 116 graduates from this activity. Twenty-nine of the players in the World Series of 1953 were Legion trained.

All Legion Post athletic officers are urged to attend this important meeting.

LET'S THINK, NOT SCREAM

We are glad to see that the Town Manager has stepped forward at the request of the Selectmen to act as "coordinator and spearhead" of Arlington's defenses in connection with the proposed Route 3—the high speed roadway which threatens to dissect the Town and slash the value of some of its most desirable property.

As we see it, Town leaders must come up with and present a logical plan which will be acceptable to State authorities. The fact is the road has got to go somewhere. That somewhere is through Lexington, Winchester or Arlington or parts of all three.

Town Engineer Keane has in his files a huge map, dated February, 1936, showing the extension of the so-called Lowell Turnpike. The map shows the roadway starting at the junction of Summer and Lowell streets, cutting across the westerly side of the Reservoir, crossing Massachusetts avenue at the Arlington-Lexington line and reaching the Concord Turnpike (Route 2) about opposite Arlington Village.

Back in 1936 the estimated land damages were set at a paltry \$32,000. Naturally much development has occurred during the ensuing years. Therefore, any comparison between the proposed way through Morningside and that over the Scotch Hill section is impossible until figures are obtained.

However, this second route has two tremendous advantages. First the terrain is more level; second, it would not cut off a major section of the Town, since it would run on or close to the Arlington-Lexington town line.

The major objection is that the alternate route would overcrowd Route 2. Undoubtedly the Turnpike would have to be widened.

A third route is being eyed by local authorities and that is the location of the roadway northeast of Hutchinson road through property of the Winchester Country Club. Involved would be the 13th green and the 14th, 15th and 16th holes on the course. The road would then proceed across the narrow neck between Upper and Lower Mystic Lakes.

Golfers and W.C.C. members will scream but somebody is going to, anyway.

Of course, the route proposed in 1948 would be most acceptable to us—it goes entirely through Winchester!

We can all protest, yell and scream. What is needed is some clear thinking and then hope the results will prevail over State politics.

A ROYAL WELCOME

We think the Selectmen should roll out the carpet in a big way when the Middlesex County Selectmen's Association meets here in February.

The Association will be meeting here for the first time. We know our Town is the biggest in the County and we feel it is the best, too.

So, gentlemen, being the host Board, prove it!

A motor car cavalcade might be in order, prior to the dinner or a movie shown, entitled "This Is Arlington".

HOW MUCH IS A DIME?

They say you can't buy anything for a dime any more. Time was when John D. Rockefeller's favorite coin started many a kid's savings account. That was in the old days.

Yet even today the 10-cent piece represents a potent force. A handful of them 16 years ago created something that today is becoming a multi-million dollar vial of vaccine. The National Foundation for Infantile Paralysis through its March of Dimes has embarked on a new polio prevention front in addition to its programs of scientific research, patient aid and professional education.

If we actually can stamp out polio with millions of dimes, what glory for those 10-cent pieces! But there have been other rewards as well.

The March of Dimes has affected our daily lives in ways we rarely think about.

There is the idea itself... an idea that has proved highly catching. The March of Dimes started a whole new kind of thinking about fighting disease.

It proceeded on the theory that if enough people got behind research they could, by sheer force of intelligent determination, solve the polio problem. That idea may be proved soon. And we are fighting other diseases in the same way today—and winning.

The March of Dimes has trained thousands of physical therapists who are helping people recover from diseases other than polio.

It has helped educate many doctors who are using their knowledge in many varied fields. It has lent tremendous impetus to new public health programs by sponsoring young men and women in professional education.

It has given the public an awareness of its responsibility in fighting all diseases of mankind. It has helped open the doors of hundreds of hospitals to thousands of patients.

The March of Dimes has done much to keep the patient with polio on a sound economic basis. Polio is one of the most expensive diseases, but the March of Dimes has saved thousands of stricken families from suffering this ordeal alone.

The March of Dimes sponsors world conferences among scientists and these have led to an interchange of information in the medical field on a highly diversified number of subjects.

It has distributed information to doctors and has lessened fear of all diseases by showing how progress can be made against one of the most baffling.

It has provided a model example of how men of different races and creeds can live and work together for the benefit of all.

The purchasing power of the individual dime admittedly has decreased. But millions of them invested in the March of Dimes may purchase for all of us a new dimension in the fight against disease—of which the imminent conquest of polio is only the forerunner.

That Man About Town

By MAT

We think a swell job was done by the Town on snow removal. We saw the Manager out early and late, looking over the working.

Suggestion Manager Menahan: send the \$15,000 bill to the Menotomy Indian, c/o Arlington Advocate.

PREDICTION:—At least one more candidate will file for the Selectman race. Three are now in—Greeley (incumbent), Rawson and Alderson.

As usual, the biggest thing the Town has to lick in regards to the threat of Route 3 cutting it in two is the let-the-other-fellow-worry attitude.

We happened to drop into a

home Thursday night located directly in the path of the proposed road. The mused condition of THE local paper lying on a table showed it had been read but the householders were busy watching TV.

With John O'Brien's hat tossed in for Assessor, the fight among eight candidates ought to provide excitement. It should be called the Arlington Assessor Futurity \$1200 added.

In the meantime, we can watch the contest between Selectmen and School Committee—winner to be announced soon.

[The opinions of MAT do not necessarily coincide, and often do not, with ours—Ed.]

French Lawyer to Speak At Girl Scout Dinner

Pierre Trouvat of Paris, a young practicing French lawyer now at Harvard as a research fellow in international law, will be the speaker at the dinner and annual meeting of the Arlington Girl Scouts on Jan. 25.

The dinner at 6:30 o'clock in the Unitarian church parlors will bring together council members and leaders and their husbands, and prominent local men and women who are good friends of Girl Scouts. Principals of the local schools will attend as guests of the troops which meet in their schools.

Trouvat, who holds doctor's degrees in international law and in economics, was for three years president of the National Union of French Students. In 1951 and 1952, he served in Geneva as general secretary of the World University Service. On behalf of this service, the following year, he visited 65 college campuses in the United States.

Widely traveled in Europe, South East Asia, the Middle East and Africa through his work with student groups, Trouvat has chosen for his topic, "Youth Trends and Attitudes".

Mrs. Roy Spencer will preside at the dinner and Miss Mary Leveroni will present a brief international ceremony with a group of scouts from troop 5.

The dinner is under the direction of the public relations committee of which Mrs. Samuel R. Carlisle is chairman. Mrs. Donald Pettie is in charge of dinner arrangements and will be assisted by Mrs. Cornelius F. Collins, Mrs. Paul Heeger, Mrs. George Lea, Mrs. Edward Finnegan, Mrs. Raymond Cronin is arranging decorations and Mrs. Raymond Hodgdon is ticket chairman.

PROTESTS RENT ACTION

Congratulations to the reader who last week spoke up regarding the rent control, which was very slyly eliminated in Arlington. It certainly was a cute trick played on the voters in Arlington.

In the last election the voters in Arlington voted to have the rent control remain and then the "powers-that-be" erased it.

Well I for one will not even vote in the next Town election because it does not mean a thing.

I also have a 3rd rate flat which is sadly in need of repair and my landlord is doing nothing except collecting a high rent which is much more than the flat is worth, and I am stuck with it because it is very difficult to get a decent apartment without paying a high rent, even tho I have three sons in the service fighting just for that thing—the rights of people.

This gesture, eliminating rent control, has made the once nice

town of Arlington go down and it will go down hill as long as the wishes of the majority of the people of Arlington are trampled on.

Before long we will no doubt have a tavern on every corner; all this for the almighty dollar.

Sincerely,
A reader of the Advocate

WELL DONE KIDS!

This is a salute to the young people of Arlington who responded so magnificently when the tragic Billy Tate drowning left his mother in dire straits. Led by two local businessmen, scores of teen-age friends and schoolmates of Billy distributed collection boxes and made house-to-house canvasses collecting money for the Tate family.

All too often we criticize the younger generation for the minor wrongs they commit, but we fail to give them a word of praise when they deserve it.

To each and every youngster who took such an active part in the Tate Fund Drive, CONGRATULATIONS: You did a great job for a worthy cause. Your parents, neighbors and town are proud of you.

TO: SNOW SHOVELERS

Am writing this from the hospital, suffering from a badly bruised cut throat—'cause of my jinx comment last week.

Hope to be out in warm July!

IN 1878 75 Years Ago This Week

The snow storm of last Thursday caused the trains on the Middlesex Central Branch to run anywhere from 20 minutes to one hour late. The 6:25 special experienced some difficulty in crossing Arlington avenue and traffic in all directions up and down the avenue was held up for nearly an hour.

Noticeable at the annual dinner of the Massachusetts Rifle Association at Young's Hotel the other evening was the absence of wine, or any other spirituous liquors of any kind, from the table.

Mrs. James R. Cutter was elected president of the Arlington Chapter of the W.C.T.U. at the annual meeting last Tuesday afternoon.

The whistle on the ice house at Spy Pond blew long and loud about 6 a.m. last Sunday morning, summoning the men to work on the pond to take advantage of the cold snap and harvest as much ice as possible.

The old willow trees in the upper part of mill pond have been cut down by the proprietors of Fowle's Wheat Mills. The trees were badly infested with gypsy moths.

During the past year (1928), 908 building permits were issued from the office of Inspector Gratto. The total value was \$3,504,000. Of this number of permits, 334 were for the construction of 1-family houses.

Selectmen have protested to the Boston "E" about the discontinuance of the busses running from the corner of Pleasant st. and Massachusetts ave. through Belmont to Watertown Square.

The suggestion that the Town purchase an automatic sanding device for use on the roads has been advanced by the Dept. of Public Works. The old method of hand shoveling of sand is both inefficient and costly with so many new streets to be taken care of.

Lightly used Eastern avenue has been roped off for the use of coasters. The street has a good coat of snow and the incline is such as to make it perfect for coasting.

IN 1944 10 Years Ago This Week

Robert L. Reid, inspector of wires, has been appointed by the Selectmen as administrator of the local emergency fuel agency. Many Arlington householders are now out of coal or have been forced to use soft coal instead of anthracite.

Hallam T. Ring and Joseph Peterson have announced their candidacy for the office of Selectmen. Willard Wallace will seek re-election to the Public Works Dept.

A.H.S.'s hockey team beat Cambridge Latin, 6-1, last Friday night at the Boston Arena. Co-captain Jim Malone turned the hat-trick for the Red and Gray, scoring three goals. The win puts Arlington in a tie for third place with Rindge Tech.

Trackless trolleys for Arlington are being proposed by the MTA over the main routes on Broadway and Medford streets.

Four heavy pieces of snow fighting equipment broke down during last week-end's heavy snow storm. It is estimated that the storm will cost the town about \$20,000 for snow removal.

Only 59 candidates for Town Meeting member have declared their intentions up to Tuesday noon, according to Town Clerk James J. Golden. 87 vacancies exist in the Town Meeting member roster, leaving 28 slots still to be filled.

Clergymen Exempt From 'Business' Rate

According to Rep. Hollis M. Gott, the statute on compulsory liability insurance on car owners exempts clergymen from "business use" rating if the car is used only in their normal duties.

"The law specifically states the clergymen while 'carrying out parochial and ministerial duties' are not considered doing business," Rep. Gott said.

Gott said that he had learned of one instance—and that there might be more—of where a local clergyman had filled out his insurance form, stating "half for business and half for pleasure use."

—Mr. Dugald MacCallum of Quincy st. is recuperating at home his friends will be glad to learn.

Behind the Business Scene

—by Reynolds Knight—

Even though inventories of automobiles in dealers' hands today are high, many factors promise a bright future for the automobile industry in 1954, said Raymond R. Rausch, executive vice president and general manager of Willys Motors, Inc., as he reviewed the year just ended.

Mr. Rausch listed favorable factors in 1954 as "a better automobile, an ever-expanding market, and a return to hard-hitting salesmanship." He forecast production of some 5,375,000 automobiles and 1,250,000 trucks in 1954, only a few hundred thousand vehicles below the extremely high total of 1953.

QUALITY IN DEMAND—Increasing competition in the home building industry in 1954 promises to increase rather than decrease the market for clay tile, said John H. McCray, chairman of the Tile Council of America.

"Quality materials such as clay tile gain in a competitive market because builders tend to produce a better house and to give more for the money under such conditions," he said. "Clay tile bathrooms and kitchens are quality features that sell homes, and aggressive builders will install and use them more and more often in 1954 as sales clinchers."

Members of the Tile Council make more than 85 per cent of all clay tile produced in the United States.

CHEMICAL COMBAT—The chemical industry in 1954 will produce intense competition, which may well test the basic strength of companies which have flourished in the past decade of economic boom, said J. R. Hoover, president of B. F. Goodrich Chemical Company, in a year-end interview in Cleveland.

With few exceptions, he said, supply equals demand; this is true even of the chronically scarce vinyl plastics, with their phenomenal growth in yearly usage.

"It was hard to make a mistake in the chemical field during the last ten years," Hoover said. "It will be easier now. Thrift and salesmanship will play greater parts."

CREDIT EXPERT—The American consumer in 1953 proved himself again to be the best credit manager in the world, said Arthur O. Dietz, president of C.I.T. Financial Corporation.

"Consumer credit enables American families to enjoy and accumulate valuable durables by buying them out of current income," he said. "Mass financing builds new equities in new possessions much faster than it builds debt. The American consumer understands this and that is why he uses instalment credit."

FOOD PROSPECTS GOOD—The outlook for adequate food supplies in 1954 is good, and the price level should remain substantially where it is at present, said Ralph W. Burger, president of the Great Atlantic and Pacific Tea Company.

Mr. Burger called upon the food industry to continue its efforts to narrow the spread between farm and retail prices. He cautioned against seeking to build volume by longer store hours, non-food merchandising, and the revival of promotional schemes which might eventually increase operating costs and thus the prices the public pays.

MUCH-NEEDED CONTROLS—Return of competition on a price basic in industry will bring added interest in and spending for instrumentation and automation in 1954, to reduce both overhead and unit production costs.

This is the forecast of Henry F. Dever, president of Brown Instruments Division, Minneapolis-Honeywell Company, for the instrument industry in 1954.

Such competition, he said, could eventually increase substantially the instrument makers' share of every dollar expended on capital goods, as more potential customers for instruments come to recognize what instruments do to improve manufacturing results. Perhaps three-fourths of manufacturing plans today—in number though probably not in output—do not have the basic control instruments it would pay them to employ, Mr. Dever said.

New Adult Education Courses Offered

A course in Home Mechanics is being given every Thursday evening at Junior High School East. This very popular course is being offered again this winter at the request of many persons who expressed a desire for it. The class will meet once a week and learn many of the home maintenance skills any home owner would like to know. Elementary skills in plumbing, carpentering, painting, paper-hanging, electricity and the like will be taught.

A new course in the making of draperies will be offered every Tuesday afternoon from 1:30 to 4:30 at Junior High Industrial Arts. This course is designed for the home maker who wishes to fashion and produce drapes for her home of materials and color design of her own choosing.

A course in Pottery will also be offered every Monday evening at Junior High Industrial Arts. This course is designed for the beginning in clay modeling, baking and enameling.

For those interested in doing over a lamp shade in silk, rayon or plastic materials a course in lamp shades is offered every Monday evening at Junior High Industrial Arts.

There are also a limited number of openings in the Slip Cover Class which meets on Tuesdays or Thursdays at Junior High Industrial Arts.

These classes are open to Arlington residents without charge and anyone interested may register during the regular class meeting night as outlined above.

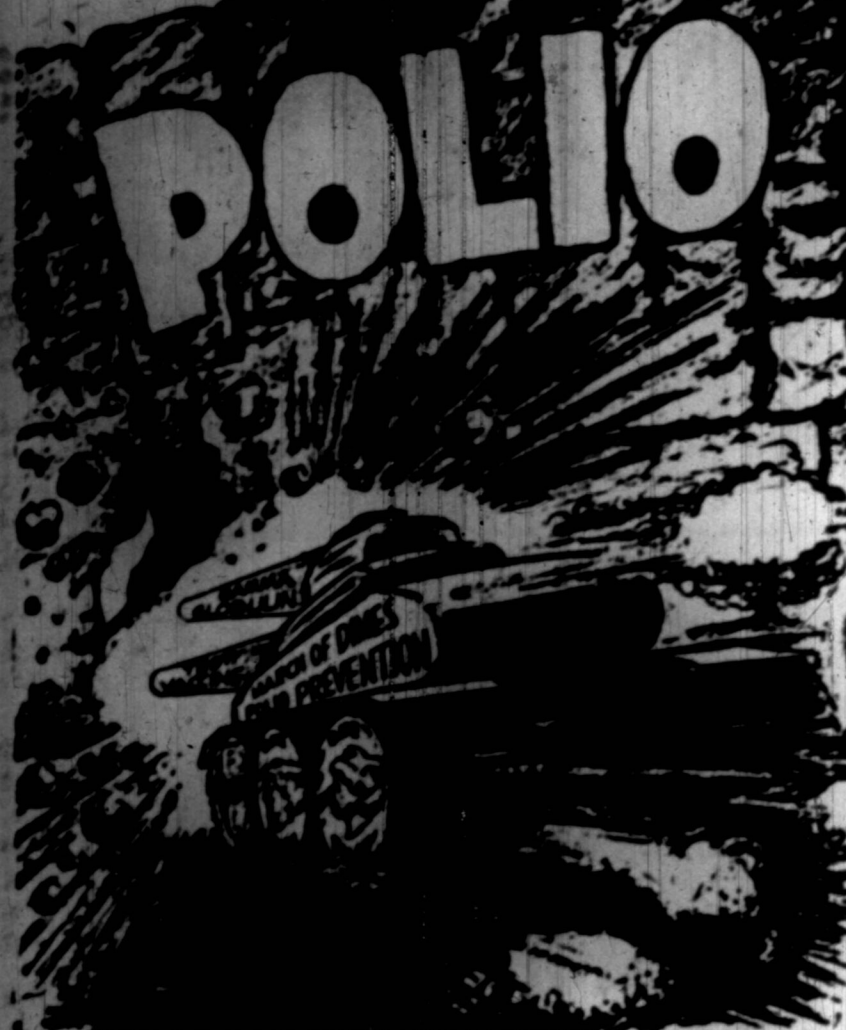

Further information may be obtained from the office of the Director of Adult Education.

RAINBOW MOTHER'S CLUB

The January meeting of the Rainbow Mother's Club will be held Wednesday, Jan. 20, in the Robbins Junior Library Hall.

Must Seek New Dump

Officials estimate that the dump off Summer st., between Hill and Mystic streets, will be filled in about two years. After that time other areas will have to be found.

This week Town Manager O'Hanlon visited a privately owned area in a nearby town. He is understood to be contemplating allowing the town to use an area of about five acres.

In the meantime, the committee for the study of an incinerator has been alerted to the imminent situation.

The committee which was appointed by Town Moderator Harold E. Magnuson under Art. 29 of 1953 Warrant includes William H. Borghesani, 73 Columbia rd.; Brewster Ames, 181 Lytic st.; Warren J. Ryan, 70 Ebcowet rd.; Warren E. Leary, 64 Sunset rd.; William Meade, 6 Stowcroft rd.

Three Local Students Take Part in Tufts Shakespearean Show

Three local Tufts students will take prominent parts in the Pen, Paint and Pretzels dramatic society production of Shakespeare's "Twelfth Night" to be given in the Tufts Arena theatre on Jan. 15 and 16.

Richard E. Bianchi, son of Mr. and Mrs. Gene J. Bianchi, 219 Cedar ave., has designed and executed the sets for the production.

His use of different levels and different areas for the characters of the play shows to excellent advantage in the central staging method in which the Tufts Arena Theatre was a pioneer.

Holder of a B.S. degree from the Mass. School of Art, Bianchi is a graduate student at Tufts School of Liberal Arts. John J. Cox Jr., son of Mr. and Mrs. John J. Cox of 11 Apeton st., is playing a leading role.

A senior in the School of Liberal Arts, he is president of the producing organization.

Frederick D. McKenna, son of Mrs. Julia A. McKenna of Acton st., is on the technical staff. He is a sophomore in the School of Liberal Arts, a member of the Newman Club and the Tufts Air Force Reserve Officers Training Corps.

Combined Orchestras To Give Two Concerts

For the fourth successive year Arlington and Winchester High schools will combine their orchestras for a pair of concerts in the two towns. The idea has met with such approval in the past that it was decided to continue the plan.

The concert will be held here on Friday morning, Jan. 15 at 8:30 at the high school, and it will be repeated at Winchester on Jan. 22.

The combined orchestras will comprise about 60 pieces, and they have had two combined rehearsals as well as several separate ones.

Richard Cahaly of Arlington will offer a violin solo, "Romance" by Wieniawski, accompanied by Anton Kovar, violin instructor in the Arlington schools. The orchestras will be directed by L. Hassler Einzig and Fred Felmut, supervisors of music in Arlington and Winchester, respectively, each of whom will direct some numbers in each town.

Other numbers on the program will be "Festral March" by Cadman, "Gavotte Celebre" by Martini, "Some Enchanted Evening" by Rogers, "Port Royal 1861" by McKay, "Remembrances of Waldteufel" by Seredy, and selections from "New Moon" by Romberg.

Parents of students in the orchestra or other adults interested are invited to attend the concert.

At Camp Lejeune

Marine Pfc. Donald F. Fitzgerald, son of Mr. and Mrs. John E. Fitzgerald of 27 Lafayette st., is attending an eight-week course in refrigeration conducted by the Engineer School Battalion at Camp Lejeune, N. C.

The course includes instruction in the installation, maintenance and repair of refrigerators, construction of cold storage units, and the operation of portable and semi-portable refrigeration and air-conditioning units.

Graduates will be eligible for promotion and, in most instances, will be assigned to the duty station of their choice.

POWDER HOUSE CAMERA CLUB

At the last meeting of the Powder House Camera Club, Chester C. Burnham, a local photographer, entertained the club with many stories of his experiences and gave the members many valuable hints on making photographs of babies.

The meeting held in the vestry of the Park Ave. Congregational church was well attended and the general feeling was that Chet had offered some valuable and helpful advice.

The next meeting of the Powder House Camera Club will be at 8 p.m. on Jan. 20. At this time the club will hold its fourth annual auction. This auction is held to give members and friends an opportunity to sell any photographic gadgets or equipment that they may wish to buy any gadgets that others have to sell. Member Sam Lewis is to be the auctioneer and a profitable and enjoyable evening is expected. Visitors are cordially invited to come and participate in the auction.

REPUBLICAN CLUB

The Arlington Women's Republican Club will hold a Desert-Bridge next Wednesday at 12:45 in the vestry of the First Unitarian church. Mrs. Francis Chamberlain, hostess chairman, says that Canasta, Sambo and Scrabble will be in order too.

Assisting Mrs. Chamberlain with the arrangements are Mrs. Allen Chamberlain, Mrs. Joseph Letzelter, Mrs. Stanley Gardner and Mrs. Mortimer French. Other members of the committee include: Mrs. James Moran, Miss Janis Richmond and Mrs. Arthur Mansfield. The ticket chairman is Mrs. Olof Peterson.

BISHOP PTA

A panel discussion promises to enliven the meeting of the Bishop PTA on Thursday evening, Jan. 21, at 8 p.m.

Town Moderator Harold Magnuson will act as moderator of the panel which will consider questions submitted by parents and teachers with respect to numerous phases of the child's mental, social and emotional development.

On the panel are Dr. David Tiedman, a psychologist who directs the study of guidance and measurements at the Harvard School of Education, Inspector William White of the Arlington Police Dept. and Miss Catherine Ahearn, sixth grade teacher at Bishop School.

Following the speaker's remarks, the meeting will be open for questions and discussions by the parents.

Laundry to Donate 10% of Local Bill To Symmes Hospital

Here is a very nice way to help the Symmes Arlington Hospital, it is suggested by leaders.

New England Laundries, Inc., are donating 10% in cash to the Symmes Arlington Hospital for all dry cleaning picked up in Arlington and Lexington during the month of January. The regular New England Laundries route man can be contacted by calling Winchester 6-2100.

Here is how it works according to the plan:

"He will give you the usual expert dry cleaning service and then, at no extra cost to you,

will receipt you bill. Then each person sends it to Mrs. Ernest Hesselstine, president of the Women's Aid Association of Arlington, 14 Wellington st., Arlington, or to Mrs. Herbert L. Crowley, president of the Lexington Symmes Hospital Auxiliary, 1 Bennington rd., Lexington, who in turn will give these to New England Laundries.

"Ten per cent of the total of these cleaning bills is then turned over to the hospital."

THEATRE TO SHOW FOREIGN FILMS

Of interest to moviegoers in this area is the announcement of Manager Harold Gordon, of the Central Square Theatre in Waltham, that beginning Monday, January 25th, his house is being converted to a showcase for the exclusive presentation of unusual and distinctive film productions.

The move comes, the management declares, in response to the requests of local film patrons seeking a conveniently located neighborhood theatre where they might regularly obtain the best in foreign films as well as American made productions of unusual merit.

The "intimate atmosphere of the well-appointed Central Square in Waltham makes this theatre ideal for the presentation of this type offering," Manager Gordon said.

To inaugurate his new policy Manager Harold Gordon has booked an imposing lineup of topflight foreign imports and high quality American made productions.

First on the list, featured from January 25 through January 30, is "The Seven Deadly Sins", a succession of six rigidly pointed but quite varied short stories, written, directed, and acted by some of France's and Italy's best motion picture talent.

This will be followed for the week beginning Jan. 31 with two British imports, Oscar Wilde's "The Importance of Being Earnest" and "The Titled Thunderbolt", a J. Arthur Rank Production.

The week of Feb. 7 brings "Martin Luther" to Waltham for its first local showing, and this Louis De Rochemont presentation will be followed by the twin engagement of "The Captain's Paradise" the Alec Guinness hit, and "The Fake".

Also included on Manager Gordon's list of future presentations are "Fanny The Tulp", "The Little Fugitive", and "Decameron Nights".
